Robin – Are we still scheduled for the meeting with Jeff Pritt on the USGS QMP this Thursday @ 2:00 pm? The reason I ask is that we have scheduled an Upper Animas team meeting at the same time (Liz took the lead on this). We have been trying for weeks to schedule team meetings on a regular basis – this site is getting out of control – and this is our 1<sup>st</sup> organized team meeting. **I need to be at that.**

I apologize for this b/c I know you have been trying so hard to “bird-dog” this for me. Who all is invited to this meeting? Is there any chance of moving it up an hour or pushing it back til ~3:30 pm that day? I am really sorry for this. I’m acting like Suzanne Pashke (sp?) and I don’t mean to.

Give me a call. I’m in today but I will be T/C tomorrow and not taking calls or reading email. I’ll be back in the office on Thursday.
